the German elements of the emperor's bodyguard, who were fiercely loyal to their chief, went on the rampage and killed indiscriminately.

For example, if there are any medications our pharmacist feels should be stopped or changed he/she will discuss these possible changes with your doctor.

Therefore, a history of weather-induced headaches may obscure the distinction between nasal allergy, migraines and sinusitis.

costochondritis can sometimes be confused with a separate condition called Tietz's syndrome, as it also involves inflammation of the costochondral joint and can cause very similar symptoms.
